The next evolution of commercial outdoor furniture!

MyTCoat

Commercial Outdoor Furniture

www.mytcoat.com

Welcome to the next evolution of commercial outdoor furniture!

Family Owned MyTCoat Commercial Outdoor Furniture of Whitney, Texas, proudly announces a completely new and innovative line of **Picnic Tables, Park Benches, Trash Receptacles, Bike Racks, and Dog Park Equipment.** Located in Lake Whitney, Texas, using their state-of-the-art manufacturing facility centrally located in the Heart of Texas.

Robert Webb, Rodney Webb and Troy Stephens, the owners of MyTCoat, realized that not much has changed with thermo-plastic coated steel furniture in the past several years. Because of the family's extensive combined experience and skills – nearly 60 years worth between them and with the customer in mind, we came to the conclusion that we could provide outstanding quality, great prices, and develop a completely new product that revolutionizes the way the market thinks about commercial outdoor furniture. The facility has cutting-edge, automated machinery to make sure that any product you buy will be sturdy, perform as expected, and outlast any of our competition. One feature that sets them apart from the competition is the new Advantage coating system. This unique coating is the premier coating on any commercial outdoor furniture in the market today.

After Robert sold his former company, He and his sons started Aadvantage Panels & Fence, and started manufacturing high quality ornamental fence panels. After a few very successful years, the family decided to follow their passion back to the recreation industry and start building tables and benches again. With both sides of the company, Aadvantage can offer more products to the end users and help our sales representative companies offer more turn-key solutions for the park and recreation industry.

MyTCoat is dedicated to two main principles: 1. To provide premium-quality products with fast reliable service, and 2. Customer satisfaction - total complete satisfaction - is the main reason for being in business.

Rodney and Troy want to invite everyone to give us a call. Aadvantage will happily answer your questions, provide quotes, or address any concerns anyone might have. More information and product illustrations are also available at our website, www.mytcoat.com.

MyTCoat's *CORE* Business Values

- Keep Employees Happy
- Keep Customers Happy
- Keep Vendors Happy

MyTCoat Advantage! Top Quality

For the high-end customers that don't want to pay the high-end price. MyTCoat's Advantage Coating is our proprietary coating unique only to MyTCoat. This state-of-the art coating will not chip, crack or peel. It doesn't have any drips or runs, and it the most durable coating on the market. The Advantage coating come with a 7 year Warranty and is available in 13 Different Colors.

- Proprietary Coating
- Won't Chip, Crack, or Peel
- **7 year Warranty**
- 13 Available Colors

MyTCoat Industry Standard Best Price

When prices is the main factor that will drive you sale, than look to the Industry Standard line. The only product difference between the Advantage Line and the Industry Standard Line is the coating. The Industry Standard line is coated with a Premium Polyethylene Coating that is similar to some of the other brands out there, but much higher quality. 5 year warranty. 9 colors available on tops and seats, and black is available for the frames.

- Premium Polyethylene Coating
- **Best Price in the Industry**
- 5 year Warranty
- 9 Available Colors

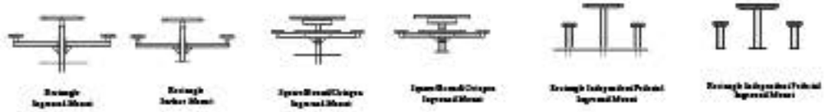
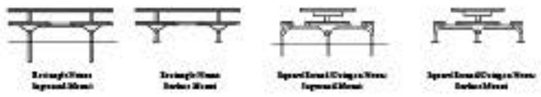
Portable Table Frames

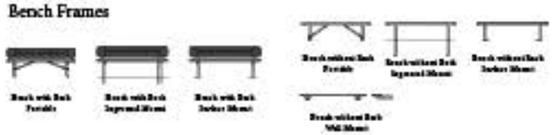
Pedestal Table Frames



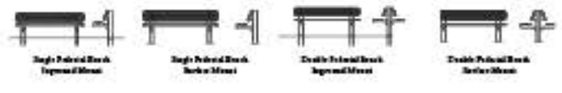
Nexus Table Frames



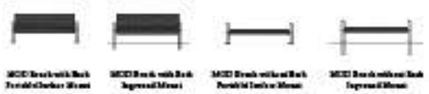
Bench Frames



Pedestal Bench Frames



Modern Bench Frames



Contoured Bench Frames

Strap Bench Frames

Austin Bench Frames

One of the easiest and fastest ways to convert a portable style table to either inground mount or surface mount, is to use our surface mount clamp or inground mount kit for portable tables.

Portable frame with Surface Mount Clamp

Portable frame with Inground Mount Kit

MyTCoat Provides Surface Mount Covers for a variety of our Benches and Bike Racks. The covers come in two sections and screw together for easy installation after the product has been installed.

Common Material Description

Expanded Metal - 3/4" #9 Flattened Expanded Metal

Punched Steel - 1/2" Hole 12 gauge Punched Steel

Slatted Steel - 11 gauge Steel

Frames are either 2-3/8" or 2" Tubing Galvanized both Inside and Outside. All Cast Frames are made of Cast Iron.

Hardware

- Corrosion resistant.
- Chemical resistant.
- Weathering resistant.

Nothing is more frustrating that purchasing durable outdoor furniture and getting low grade zinc coated hardware that rusts out shortly after the product is installed, or getting stainless steel hardware that snaps when it's being installed.

MyTCoat uses Xylan Coated hardware that gives extra corrosion resistance that galvanized hardware doesn't offer with extra strength that comes with stainless steel.

Steel Base

U-Brace™

Model Shown:	UBR15-S-00-000
Available Sizes:	Fits 1.5" Umbrella Hole
Material	Aluminum with Stainless Steel Bolts

The UBrace® offers a simple and effective solution to the age old problem of securing your umbrella to your commercial picnic table while also removing the need for a bulky umbrella base underneath. The three-inch aluminum collar with stainless steel fasteners is placed underneath the table at the frames centering hole and is the perfect way to secure an umbrella to your heavy (70+ Lbs) picnic table. The collar will fit all 1.5" umbrella poles and is constructed of high grade aluminum. Once the UBrace-1 assembly is in place you will never have to worry about the umbrella coming out of the table making this product a true "set and forget" solution.

- Eliminates the need for a heavy umbrella base.
- Fits all 1.5" Umbrella Poles
- Increases safety and security
- Reduces expensive damage
- Zero Maintenance

Available Materials

The "Buddy Bench" Program was developed to help children be aware of other's around them who might need a friend and as an anit-bullying tool. Both concepts are very close to MyTCoat's Heart. We encourage this behavior to be passed along to every child. MyTCoat can make any of our benches into a cherished Buddy Bench, all you have to do is pick your size and style, and let us know what best meets your needs.

Terms and Payment: Terms will be set up on a per customer basis based on criteria set by Aadvantage Panels & Fence, Inc (MyTCoat). For customers who do not meet the requirements, prepayment for full amount of Invoice will be required before product is produced. Invoices are considered a sales contract and payment is due upon terms. If payment goes beyond terms a "Late Fee" may be incurred no less than 1.5% and up to 5% of total invoice excluding Tax (when applicable). Aadvantage Panels & Fence, Inc. accepts Business Checks (Personnel Checks are only accepted after check has been deposited and cleared by customers financial institution), and all major Credit Cards. When paying with Credit Card, customer may 1) Pay in person with no fee 2) pay via internet or phone with a small "service charge".

Warranty: Aadvantage Panels & Fence, Inc. (MyTCoat) offers a 7 year limited warranty on all Advantage coated parts, 5 year limited warranty on Industry Standard coated parts, and 1 year limited warranty on all Powder Coated parts. All other parts are warrantied for one year to be free of workmanship or material defects. In order for warranty to apply, all products must be installed and maintained properly. If an item falls under warranty, we agree to repair or replace that item. Warranty does not cover vandalism, disasters (man-made or natural), naturally occurring weathering and wear-and -tear, and improper maintenance or installation. For a copy of warranty information, please contact customer service.

Cancellations: All Cancellations must be approved by Aadvantage Panels & Fence, Inc. (MyTCoat) prior to shipping any product back. An RA (return Authorization) number must accompany any return paperwork as well as a copy of the Original Invoice and statement for the reason items are being returned. Return Freight shall be arranged by customer and any incurred freight expense for a return shall be pre-paid by customer. Any shipments returned without the RA number and paperwork will be refused by Aadvantage Panels & Fence, Inc. (MyTCoat). Any orders that are canceled after product has been produced is subject to 20% of item sale price restocking fee. Custom Lettering, Logos, or Color will be approved by customer, after approval NO cancellation will be accepted.

Freight Damage or Loss: All shipments must be inspected at the time of Delivery (no exceptions). Any visible damage must be noted on the delivery receipt and Aadvantage Panels & Fence, Inc. (MyTCoat) must be notified immediately. If the damage is concealed, the customer must notify Aadvantage Panels & Fence, Inc. (MyTCoat) within 20 days along with a detailed description of the damage and pictures. Replacements for any freight damage will be at the customer's expense if any of the criteria above is not met. Customer assumes Title of goods at the time the product is loaded onto transport.

Specifications: All Specifications are available through customer service. Any product that is sold as "Accessible" adhears to the Americans with Disability Act 1990 guideline. Specifications are subject to change at any time, please ask for the most current copy of product specification before purchase.

All products are shipped un-assembled, assembly instructions are available through customer service.
